Part B for November 1926

SUBJECT

Extract from Education file 152-24 re the grant of Halwad Allowances.

To All Heads of Departments
All Sundries to Govt
The Comptroller to Govt

No. P 3290-349 / SrA 101-25-2 dt 27-X-26

Shows revised rules for the grant of Special localities allowances with effect from the 1st July 1927

DIARY NO.

1925 – 1926	Serial No.
Section.	S.A
File No.	101-25
Serial No.	1.

Extract from Dem: 152-24-63:-

There is now much discontent in regard to the grant of Malnad Allowances. In the same - locality, some establishments are given allowance while others are not. Even all establishments o the same Department in one place are not given allowances as is shown by the present case in - which it is proposed to give Malnad Allowances t School Masters in places in which others are al- ready getting them. The unsatisfactory position in respect of the grant of these allowances is - being brought to the notice of Government at - recent sessions of the Legislative Council and t Representative Assembly. It is desirable to tak early action for giving effect to the order of - 1920, which aimed at granting a uniform scale of allowances in special localities, with such modi- fications as the present conditions may require.

Intd.M.N.K.
1-10-25.

Dewan)

2) The general question may be taken - early.

Intd.A.R.B.
23-10-25.

1) The file relating to the order of 1920 is put up. Para 3(2) of the order contemplates the grant of two different rates of allces, — one for Malnad, K.G.K. and Davangere, and another for semi-malnad, Hiriyur, Jerugapatam & Yadatore

NOTE—Contn. Sheet

Serial No

K.9.7. and Davanagere are no longer considered as specially costly places, and the proposed allces. have already been withdrawn in their case. The term "semi-malnad" is vague, nor is the list of malnad places very clear. What is shown as "malnad" for purposes of Art. 63 H, M.S.R. is at times found to be "semi-malnad" for purposes of allces. It seems therefore necessary to define the areas to which the allces. are to be attached. On R.G.A.Q. 4-4-21, Govt. passed an order in consultation with the Rev. comr. fixing the malnad tracts for purposes of TA. It is for consideration if the same list may not be maintained for purposes of allces. also.

4) The comptroller has already sent a list showing those who are in receipt of the malnad allces, and those who are not in receipt of it, though stationed in the same places. As the list is by major heads, it will be consolidated according to Districts, if approved.

Serial No

5) The points for orders are

(i) fixing what areas are malnad & what are not

& (ii) The rate of allce to be granted in the above areas. The rate should be uniform for all depts.

6) Before taking up (ii) we may request The R.C., L.C, & Chief Engineer, & Const of Fors to state which in their opinion are malnad areas which are Semimalnad. Areas in which these officers differ in opinion may be then considered and a declaration made as to what areas are semimalnad & what are malnad.

A

7) Question (ii) may be taken up afterwards as this will then mean only fixing the rate of allce for different classes of officers & finding ways & means for meeting the extra cost.

9) Certain allowances called Malnad and Semi Malnad allowances are now being given to some officers stationed in the four Districts of Shimoga, Kadur, Hassan and Mysore. But the whole arrangement is full of anomalies. Officers of some departments get these allowances while those of others do not, though all of them are working at the same places. Even in the same department, some of its officers get them, while others do not. ~~Even among officers of one department that are in receipt of these allowances~~ In some cases, even in the same dept, the rates allowed differ.. These invidious distinctions and divergences are indefensible and they have formed the subject of discussion both in the Representative Assembly and the Legislative Council. It is necessary to reduce the position to order and remove, as far as possible, all inconsistencies. [This is an urgent measure and if possible, it is desirable to arrive at some decision about it and give effect to it in the next year's budget.]

9

10) An attempt at introducing a uniform arrangement was made in 1920 but the order passed in March of that year has not, so far, been given effect to for want of funds. This order enunciated certain principles which were accepted by Government. But the position has altered in some respects.

11) The following are the proposals sanctioned in the order of March 1920:-

NOTE—Contn. Sheet

WD 01264—GPB—40,000 -17-12-25

General and Revenue Secretariat

S & A File No. 101 of 1925

Serial No

(1) Grant of an allowance at 2 annas in the rupee, subject to a minimum of Rs 1/- to all officers including menials of all departments on pay not exceeding Rs 50/- stationed in unhealthy tracts viz., Malnad taluks and specially expensiv localities viz., Kolar Gold Fields area and Davanagere town.

(2) -do- at the rate of 1½ annas in the rupe for officers on pay from Rs 51 to Rs 100/- stationed in the same localities.

(3) -do- at the rate of 1 anna in the rupee subject to a minimum of 8 annas to those statione in less unhealthy tracts viz., semi malnad tracts and Hiriyur, Seringapatam and Yedatore town.

(4) -do- at 9 pies in the rupee to officers on pay from Rs 51 to Rs 100/- stationed in the above localities.

(5) grant of a local allowance of Rs 25/- each to the Amildars of Seringapatam and Yedatore taluks.

and (6) Allowances granted at 20 per cent to those stationed at the Krishnarajasagara Work to be continued.

12) On the recommendation of the Special Finance Committee, Government directed the withdrawal of the concession proposed to be given in the order of March 1920 to officers drawing pay exceeding Rs 50/- and Stationed in the Davanagere town. (G.O.No.Fl.2008-57/S.& A. 7-22-9 dated 3rd Novem 1922). It is not now possible to grant local

NOTE—Contn. Sheet

Serial No

loeal allowances on the ground of expensiveness of locality to officers stationed at places where no allowances are now given. For this reason the proposal to give allowances to office: on pay not exceeding Rs 50/- stationed in Davanagere, to those stationed in Seringapatam and Yedatore and to the Amildars of Seringapatam and Yedatore cannot be given effect to.

13) On the recommendation of the Special Finance Committee, local allowances given to officers drawing more than Rs 50/- in the Kolar Gold Fields area were also withdrawn. Vide, G.O. dated 18th July 1922. The general scheme of local allowances sanctioned in the order of March 1920 has, therefore, to be regarded as modified to this extent in the case of officers employed in the Kolar Gold Fields area.

14) Subsequent to the order of 24th March 1920, the distinction between Malnad and Semi-Malnad was abolished for purposes of travelling allowances and only one uniform scale of enhanced rates allowed for all localities treated as special. Vide, G.O.No.Fl.6040-88/S.& A. 17-26-3 dated 4th ~~Marchxx~~ April 1921. For the purpose of granting local allowances also, it is desirabl not to observe this distinction but to permit only one uniform scale of local allowances for all special localities. This allowance need not be called either Malnad or Semi-Malnad allowance but only as Special Localities Allowance.

WD 01264—GPB—40,000 -17-12-25

60

15) The Government Order of March 1920 proposed to give allowances to all officers including menials on pay not exceeding Rs 100/- . If this consideration should be shown uniformly to all officers of all departments stationed in special localities as defined in Appendix S, Mysore Service Regulations, it will involve a substantial addition to recurring expenditure which we cannot now afford.

16) A few higher officers of the Revenue and Medical Departments e.g., Amildars and Assistant Surgeons are in receipt of Malnad and Semi-Malnad allowances. Whether officers of other departments of the same status and stationed in the same places should or should not be given similar allowances was not stated in the order of March 1920. This order left the position in this respect where it was. For instance, the Assistant Surgeon at Sagar gets a local allowance of Rs 50 but the Assistant Engineer working there gets no allowance. The unhealthiness of Sagar and other places in the taluk which they have to visit is the same in the case of both officers and it is difficult to defend this invidious distinction. There are only two alternatives which can be adopted. Either officers of parallel grades of all departments stationed in unhealthy places should be given allowances or the concession should be denied to them all. The former alternative is now out of the question

6 - 1499 6 4 7.

NOTE— Contn. Sheet

WD 01264—GPB—40,000 -17-12-25

General and Revenue Secretariat

S & R File No. 101 of 1925.

Serial No.

as already stated. What we can now attempt is not an extension of the principle of giving allowances as a compensation for the inconveniences to which all officers stationed in unhealthy places are subjected, but only to remove inconsistencies that exist in the present arrangement and introduce a uniform saale of allowances in the case of all officers of all departments up to a certain stage of pay, working at such places. This stage may, for the present, be fixed at Rs 50/-

17) The number of officers who should get allowances but who do not get them now is much larger than that of those who are getting them. The additional cost involved by any attempt ~~at~~ at introducing a uniform rule which would treat similarly all officers of all departments similarly situated is the limiting consideration in the solution of this problem.

18) The need for the grant of allowances in addition to pay to officers working in special localities may, broadly, be ~~taken~~ taken as the result of two conditions:-

(1) The scales of pay allowed to officers in healthy and unhealthy places are now the same and accordingly those working in the latter localities require some addition to their pay;

and (2) officers liable to transfer from healthy to unhealthy localities require some addition to their emoluments as a compensation for the extra expenditure to which they are put wh:

NOTE—Contn. Sheet

Serial No

while living in ~~such~~ unhealthy localities.

19) The cases of those who are natives of special localities and who are not liable to transfer to stations which do not materially differ from their own places require to be considered in relation to the above two condition: (I think that) as a general rule, it may be taken that members of all menial establishments working in special localities are the natives of such localities and that they are not liable to transfer to distant places. (I think) it may, therefore, be assumed that menials employed in special localities do not require special allowances in addition to pay.

20) As far as possible, it is desirable to have one uniform arrangement in respect of special localities and for this reason the allowances granted to officers stationed at Krishnarajasagara Works -- the present scale is 20 per cent of salary -- Kolar Gold Fields area and Hiriyur -- the present scale ~~of~~ is 20 per cent of salary -- may be brought under any new arrangement that may be adopted on a consideration of the proposals formulated in this note.

21) There are certain departments in which it is desirable to allow the present arrangement to continue.

(i) In the Military Department the High Price Allowances which were originally given

Serial No

were continued without any reduction. A general re-organisation of this department is also under contemplation.

(ii) The Railway is a Commercial Department and the conditions of fixing the emoluments of its officers are not the same as those which are usually applied in the case of Service Departments.

(iii) In the Police Department, there is a special arrangement according to which a lumpsum of Rs 20,000 is allowed annually in the Budget for the grant of Malnad and Semi-Malnad and Ghat allowances to Duffedars and Constables attached to the Executive Police at Rs rates varying from Re.1 to Rs 2-8-0. The present scale of pay of constables is somewhat low and a large number c places remain vacant. It is therefore not desirable in the case of the Police Department to abolish the Malnad and Ghat allowances on th ground that the men are natives of the locality where they work.

(iv) These three departments, may, therefo be left out of consideration here.

(v) In view of what is stated above, I would suggest the following solution of the problem:-

(1) Grant of Special Localities Allowance to all officers in superior service of all depar ments whose emoluments do not exceed Rs 50 and who are stationed in places coming under Appendi

General and Revenue Secretariat

SRA File No. 101 of 192 5.

Serial No

Appendix S, M.S.R. Emoluments for this purpose will be taken to include pay, allowances of all kinds excluding only Travelling Allowances, and pension, if any, drawn for past service.

(2) The rate of allowance may be fixed at one anna in the rupee subject to a minimum of Rs 1-8-0.

(3) Allowances now drawn by all officers whose ~~pay~~ emoluments exceeds Rs 50/- to cease, without however affecting the present incumbents, who may be permitted to draw them.

(4) Members of menial establishments working in special localities not to be given any local allowance. Those who are now drawing them may continue to do so and the new arrangement may be brought into force when there is a change of incumbents.

(5) The arrangement proposed under (1) to (4) above to be applied in the case of officers stationed at Krishnaraja Sagara, Kolar Gold Fields and Hiriyur without, however affecting the present incumbents who may be permitted to ~~xxx~~ draw the allowances they are now getting.

(6) When a uniform arrangement of the kind proposed above is adopted, the establishments employed by Local Bodies may have to be paid local allowances in the same manner as those of Government establishments, especially in view of the fact that it has recently been proposed that the hands to be employed by such Bodies should be those recruited ~~originally~~ for Government Service

General and Revenue Secretariat

S H Branch File No. 19 of 1926

of 192

Serial No

2 4) A statement showing approximately the financial effect of the proposal is appended. It will be seen therefrom that the annual net addition is estimated at about Rs 22,000 ~~per annum~~ and in calculating it the savings to accrue hereafter from the withdrawal of the allowances now drawn by officers on more than Rs 50/- and ~~xxxx~~ menials, when there is a change of incumbents, has not been taken into account. The calculation of extra cost requires verification by Comptroller.

25) The statement put up also shows the appointments to which local allowances are now attached and the future incumbents of which would not draw them according to the proposal made above.

26) I understand that there is in the Education Department the system of permitting the grant of Malnad allowances to Aided Institutions in receipt of Grants-in-aid. Why Malnad allowances should be paid in addition to Grants-in-aid to such institutions is not clear and this matter may be investigated by the Chief Secretariat.

35 My note dated 18th March 1926 explains the case fully. The suggestions for its solution are contained in paras 21, 22 and 23. The extra cost that would have to be incurred, according to these suggestions, is calculated by the Comptroller to amount to Rs 13,476-12-0 plus Rs 12,000-0-0 = Rs 25,476-12-0 per annum which will gradually be reduced to Rs 12,000 - Rs 5,157 = Rs 6,843 per annum, as the incumbents of the appointments which now carry malnad allowances and which need not carry such allowances according to the suggestions, are changed.

4 This may now be reconsidered in Council with the approval of the Dewan.

The view taken by Messrs Paramasiviah, Mahomed Abbas Khan and Mallappa ~~are~~ is not ~~altogether~~ unreasonable. The conditions of living in malnad particularly in the case of low paid officials, ~~are~~ is apparently not appreciated by them. To deny some small addition to the pay of officers drawing Rs 50 and less, is really hard. These Members go the length of suggesting ~~xxxx~~ that even the allowances now given may be withdrawn. Such a step cannot be taken. There are only two alternative courses open: either to let ~~to~~ the present position to continue, or, to amend it on the lines suggested in the note dated 18th March 1926 The former course is not advisable as the existing position is full of anomalies and therefore indefensible. I think that the adoption of a uniform system of granting allowances and granting them to all officers stationed in the same localities is a measure which cannot be deferred

SVS.

Final Note by the Second Member of Council.

Subject:—

" Proposals for regulating the grant of Malnad Allowances.

" Certain allowances called malnad and semi-malnad allowances are now being given to some officers stationed in the unhealthy tracts in the four districts of Shimoga, Kadur, Hassan, and, Mysore. But the arrangement is full of anomalies. Officers of some departments get these allowances while those of others do not, though all of them are working at the same places. Even in the same department only some of its officers get them and in some cases the rates allowed to them differ als These invidious distinctions and divergences are indefensible and they formed the subject of discussion both in the Represent-tive Assembly and the Legislative Council. It is, therefore, considered necessary to reduce the position to order and remove as far as possible, all inconsistencies.

2. An attempt at introducing a uniform arrangement was made in 1920 and on the recommendation of a Committee, appointed to consider the revision of Duty and other allowances, an order was issued, in which certain principles for granting allowances to officers stationed in unhealthy and specially expensive localities were accepted by Government.

3. But the Order of 1920 could not be given effect to for want of funds and in the meanwhile, the position has altered in some respects. On the recommendation of the Special Finance Committee, Government have withdrawn the concession proposed in the order of March 1920 to officers drawing pay

exceeding

exceeding Rs 50 and stationed in the Davangere Town and Kolar Gold Fields. The grant of local allowances on the ground of expensiveness of locality to officers stationed at places where no allowance is now given is not also possible as it involves the introduction of a new arrangement and also additional expenditure.

64. Further, subsequent to the order of March 1920 the distinction between malnad and semi-malnad has been abolished for purposes of travelling allowances and only one uniform scale of enhanced rates has been allowed for all Localities treated as Special. For the purpose of granting local allowances, it is desirable to adopt a similar uniform arrangement.

65. In view of the large extra cost involved, the grant of allowances uniformly to all officers of all departments stationed in special localities on pay not exceeding Rs 100 as accepted in the order of March 1920, is not also possible.

66. For the foregoing reasons, the principles already accepted required revision. The following solution was suggested by me:-

(1) Grant of Special Localities Allowances to all officers in superior service of all departments whose emoluments do not exceed Rs 50 and who are stationed in places coming under Appendix S, Mysore Service Regulations. Emoluments for this purpose to be taken to include pay, allowances of all kinds, excluding only travelling allowance and pension, if any, drawn for past service.

(2) The rate of allowance to be fixed at one annas in the rupee subject to a minimum of Rs 1-8-0.

(3) Allowances now drawn by all officers whose pay exceeds Rs 50 to cease without, however, affecting the present incumbents who may be permitted to draw them.

(4) Members of menial establishments working in Special Localities not to be given any allowances as they are mostly natives of such localities and are not liable to be transferred. Those who are now drawing the present allowances may, however, be permitted to draw them, the new arrangement being given effect to on change of incumbents.

(5) The proposals under (1) to (4) above to be applied in the case of officers stationed at Krishnarajasagara

and Kolar Gold Fields and Hiriyur without, however, affecting the present incumbents who may be permitted to draw the allowances they are now getting.

6) In the case of Railway and Police Departments, the present allowances may be permitted to be continued as Railways are commercial departments and as, in the case of the Police Department, even the present scale of pay is low. In the case of the Military Department also, the present allowances may continue pending orders on the Military re-organization.

Page 16 of Office Note

67. The question was considered by the Council at the meeting held on 8th July 1926 and it was referred to the Finance & Taxation Committee for opinion. The Committee (by majority) did not support the proposals and even went to the length of suggesting that all existing malnad and semi-malnad allowances should be abolished altogether.

68. The above view of the Finance & Taxation Committee is not reasonable. The conditions of living in the malnad, particularly in the case of low paid officials, are apparently not appreciated by the Members (Messrs Paramasiviah, Md. Abbas Khan and D.S.Mallappa) who hold this view. To deny some small addition to the pay of officers drawing Rs 50 and less, is really hard. These Members have even proposed that the allowances now given may be withdrawn. Such a step cannot be taken. There are only two alternative courses open: either to let the present position to continue, or, to amend it on the lines suggested in my note dated 18th March 1926. The former course is not advisable as the existing position is full of anomalies and therefore indefensible. The adoption of a uniform system of allowances and granting them to all officers stationed in the same localities, is a measure which cannot be deferred.

69. The question was re-considered in Council and the following resolution was recorded:-

Page 19 Office Note

"The proposals of the Second Member contained in his note dated the 18th March 1926 may be approved. They may come into effect from next year."

10. I solicit the gracious approval of His Highness to the recommendations of the Council.

In reply please refer to No. TAD.B.1687.

Comptroller's Office, Bangalore,

Dated the 11th May *192*6

To

Rajakaryaprasaktha Dewan Bahadur
M.N.Krishna Rao Esq., B.A.,
Secretary to the Government of Mysore,
Financial Department.

Sir,

In continuation of this office U.O. No.1659 TAD.B. dated 3-5-1926, furnishing the required particulars in connection with the subject of the grant of Malnad allowances, I have the honour to forward herewith a statement giving the particulars pertaining to the Education Department. The excess expenditure as worked out therein is Rs 12,000 per annum.

I have the honor to be,
Sir,
Your most obedient servant,

Comptroller.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Finance Department.

Read :-

G.O.No. Fl.6723-72/S & A 166-19-1 dated 24th March 1920 issuing rules regulating the grant of allowances to officers stationed in unhealthy and specially expensive localities.

Order thereon :- Fl 3290-349/S&A 161-25-2

Dated, Bangalore, 27.10. 1926.

Certain allowances called Malnad and Semi-malnad allowances are now being given to some officers stationed in the four districts of Shimoga, Kadur, Hassan and Mysore. But the whole arrangement is full of anomalies. Officers of some departments get these allowances while those of others do not, though all of them are working at the same places. Even in the same department some of its officers get these allowances, while others do not. In some cases, even in the same department the rates allowed differ. These ~~inequalities~~ distinctions and divergences are indefensible and they have formed the subject of discussion both in the Representative Assembly and the Legislative Council. Repeated representations have also been made for the grant of malnad allowances to school masters, residing in Malnad districts.

2. An attempt at introducing a uniform arrangement was made in 1920 and Government agreed with the Local Allowance Committee which considered the question that officials of all departments (on pay not exceeding Rs.100/-) stationed in Malnad and other special unhealthy or expensive localities should be treated alike and given a uniform rate of allowances. The Committee's recommendations ~~in this and other~~ involved an additional expenditure of about Rs.33,000/- ~~per annum~~ Government decided in the order read above that they might be given effect to as soon as funds were available. ~~Committee's recommendations may~~ but the decision has not so far been given effect to. ~~But financial considerations have not permitted of the incurring of this extra cost.~~

3. Besides, the position has since altered in some respects and it is necessary, therefore, to review the ~~position~~ with a view to remove, as far as possible, the inconsistencies in the existing arrangement and to limit the additional expenditure to the minimum.

4. After careful consideration of the question in all its aspects, Government are pleased to issue the following rules for the grant of special localities allowances, in supersession of all existing orders (except as specified below) relating ~~to~~ Malnad and Semi-Malnad allowances and also allowances to officers stationed in unhealthy tracts and specially expensive localities viz., Krishnarajasagara, Hiriyur and Kolar Gold Fields, ~~Hiriyur.~~

(i) Officers in superior service, stationed in places specified in Appendix S of the Mysore Service Regulations and in Krishnarajasagara, Hiriyur and the Kolar Gold Fields, and whose emoluments do not exceed Rs.50/- per mensem will be permitted to draw "Special Locality Allowances" at the rate of one anna per rupee subject to a minimum of Rs.1-8-0.

Note.- Emoluments for this purpose will include allowances of all kinds excluding only travelling allowance, and pension, if any, drawn for past service.

(ii) The allowances now drawn on account of unhealthiness or costliness of living by officers on pay exceeding Rs.50/- and residing in the localities referred to above, will cease with effect from the date on which the new rules come into force, the present incumbents being permitted, however, to draw them till they are transferred.

(iii) Members of menial establishments working in the areas specified above, ~~who are expected to be recruited from the residents of the locality~~ will not be entitled to the "Special Locality Allowances". Such of these officers as are now drawing ~~in certain departments~~ Special allowances in Malnad or other special areas will however continue to do so and these allowances will cease on change of incumbents.

(iv) These rules will not apply to officers in the Railway and ~~the~~ Police Departments in respect of whom the existing ~~arrangements will continue to be in force.~~ orders will apply. The Railway Department is worked on commercial lines, and the scale of pay in the Police Department, especially of the subordinate

until the cases of these Depts are considered and separate orders are passed regarding
